(b) "Software" shall mean any and all computer programs developed or provided by RasterEdge, including but not limited to, applicable programs, components, source code, modules, corresponding documentation, updates, upgrades, or modifications thereto.

(c) "You" or "you" shall mean the individual, either a person or a single entity, such as company or organization, using, implementing, downloading, or installing the underlying Software. "we" or "us" means RasterEdge, Inc., a Massachusetts corporation, and "both of us" means both you and us.

(d) "Developer" shall mean an individual who has a primary job function of developing software applications.

(e) "Server" shall mean a computer system that multiple users access or make use of, including but not limited to, terminal servers, file servers, application servers or web servers.

2. LICENSE GRANT

In consideration for the license fee paid, and other good and valuable consideration, RasterEdge grants to you only, unless otherwise limited by the license purchased or granted, the nonexclusive, nontransferable, perpetual, world-wide right to use the Software in accordance with this Agreement and the license defined herein that you purchase. If you are installing, accessing or using this Software for your employer, this Agreement also includes your employer. You may only use the Software according to the license purchased or granted by RasterEdge.

To meet different needs, RasterEdge offers several royalty-free license types. Among them, Evaluation License is granted to you by this Agreement and not purchased.
